## 1st Annual Meeting on the European Certificate for Intercultural Learning Professionals (ECILP)

On 7 March, a conference has been held at Tilburg University, organised as final step towards a successful conclusion of the ECILP project.

During the conference, the framework and the way forward were presented. Participants contributed their thoughts on the future of the intercultural learning profession and also took a look at the assessment centre and gave feedback on its functioning.

The aim of ECILP is to offer **transparent, evidence-based, understandable** and **reliable decision-making guidelines** for clients, learners, IC providers and institutions offering qualifications in intercultural training. The regulations and the self-assessment tool provide information on the level of the current qualification and guidance on achieving accreditation.

Co-funded by the Erasmus+ Programme of the European Union
